# BECAUSE INDEPENDENCE STARTS AT HOME

Patented lift-assist seat can **help decrease fall incidents**

Built-in lever paddles engage lift-assist seat, making **'sit-to-stand' safer and easier**

A two-way hydraulic system **helps users sit and stand safely and easily**

Adjustable height and width make the Uplift Assist **a perfect fit for most bathrooms**

Detachable legs make the Uplifter Assist **easily transportable** when traveling outside the home

# THE UPLIFT ASSIST

The **Uplift Assist** is a lightweight chair that fits over your toilet and helps to make using the bathroom effortless and worry-free.

A two-way hydraulic system and weight-activated arm paddles allow you to sit down softly and stand up with safety and support, decreasing the likelihood of a fall.

This easy-to-use seat features an adjustable height and width, making it a perfect fit for most bathrooms and people.

The Uplifter Assist also features detachable legs, making it a breeze to disassemble for convenient transport when traveling outside the home.

Call us today to find out how you can bring confidence and independence to your bathroom with the Uplift Assist.

## Sit and Stand with Ease

The Uplift Assist by F3 Medical empowers individuals experiencing mobility challenges to sit and stand comfortably, with innovative, easy-to-use furniture technology that provides the safety and support needed to confidently enjoy independent living.
